In no other sport or walk of life do we see the equal: top class players competing against absolute amateurs.
 - Matthew Granovetter

The historic road corridors from the Truckee Meadows northwestward into the Honey Lake area contain intertwined routes following the course of valleys, parts of an emigrant trail cutoff, toll roads, county roads, and parallel routes developed to bypass blockages such as mudholes. Construction of the paved precursor to U.S. 395 and freeway construction along this corridor have erased much of the earlier road system, cutting it into isolated segments. The road is associated with the history of transportation in Nevada, reflecting the process of road improvement and economic and demographic change.

Exercise with Cards

Take 15 playing cards and place them in front of you in a pile. To strengthen legs, lunge toward each card, right foot in front, to pick up cards. Repeat with left leg. Then tone your abs: Lie down with knees bent, cards in hands. Sit up, contracting abs until you can reach forward and place one card on the floor. Repeat with all cards.
