The American Beaver is Oregon's state animal. A fossilized skull and teeth from a newly described species of beaver that lived 28 million years ago were recently unearthed in Grant's Pass, OR! This smaller species appears related to the modern beaver, and also to those from Asia that may have crossed the Bering land bridge 7 million years ago.

Results, bulletins, and photos are posted on the Internet! Go to <http://acbl20.org/>

Poor eastern families could not usually make the trip, as outfitting such an expedition was very expensive. The Conestoga wagon, oxen, and supplies comprised most of the cost. Families planned ahead and made many of the extra clothes and required items, but those buying most of their supplies might spend \$150-200 each. Additional costs for ferries and toll roads may have been about \$30 per wagon. At times the families fought Native Americans, but they often received guidance from the western tribes. It took six months of travel at the speed of fifteen miles per day to reach their destination. (ushistory.org)

News from Marie: Attendance thru last night is 1,230 tables, up by 51 over last year. The sunny weather has undoubtedly lifted our spirits! After your game tonight, stop by the lobby and have a piece of cake with me and Judy Davis, the new D-20 Tournament Manager. We enjoy meeting every one of you! Some have traveled from as far away as Sweden! Tell all your bridge-playing friends what a great tournament we have, and bring them with you!

Play in the D20 NAP Finals to earn the right to represent our district in the National Finals at the NABC's in Reno in March 2016. Flights A & C on Saturday, Oct 31 and Flight B is on Sunday, Nov 1.

4 pairs advance in flights B & C; 3 pairs in flight A

- competition in all flights is on-line
- play near home in a club or other authorized venue
- you must have prequalified in a club game
- preregistration is required by October 15th

STAY SHARP- 3

The number of Americans with Alzheimer's is predicted to triple in the next 40 years! Research shows that sleeping too much (more than 9 hours) or too little (less than 5) is associated with poorer memory in later life. Sleep patterns in your 50s and 60s can have long-term effects on brain health. If you've been using Tylenol PM to help you sleep or certain antidepressants or an antihistamine like Benadryl for years, check with your doctor if you need to cut back. A new study in *JAMA Internal Medicine* links heavy use of those drugs for more than three years with dementia.
