

Barbara Utz

It is with great sadness that we report that Barbara (Barb) Utz passed away on November 19, 2020, at Glenwood Place Senior Living in Vancouver, Washington. She succumbed from her long battle with breast cancer.

Barb and her husband were both dedicated educators until they retired, and became long term members of the Vancouver Bridge Club. After her husband passed, Barb continued to play until late 2018, when her health conditions prevented her from being able to play anymore.
